Click General Settings button

Enter Admin Password =
ninelockeradmin

The image shows the 9Locker Pro General Settings window. On the left is a sidebar with buttons for 'Pattern & Password', 'Background Image', 'General Settings' (highlighted), and 'Security Settings'. Below these is a 3D cube icon and the text '9Locker Pro' and 'www.leizersoft.com'. The main area is titled 'General Settings' and contains several sections: 'General' with checkboxes for 'Hide pattern line' and 'Load 9Locker on windows startup'; 'Fire Events on fail logon' with a 'Do this when logon fail' section containing checkboxes for 'Play Alarm Sound', 'Send Mail Alert', and 'Capture user video (Using Webcam) & Attach it to email', along with an 'After' spinner set to 3 and 'Retries' text; 'Mail Account Setting' with fields for 'Your Email', 'Your Password', 'SMTP Host Address', and 'Port' (set to 0), and checkboxes for 'Enable SSL' and 'Requires authentication'. At the bottom are 'Save' and 'Cancel' buttons. A status bar at the very bottom says 'Ver : 1.0.0.3 © 2015 Leizersoft, All rights reserved'.

Action	Explain
Hide Pattern Line	The pattern line will be invisible when checked.
Load 9Locker Pro on startup	The client will start automatically when Windows Start.
Fire events on fail logon	After (X) times the checked actions will be executed : [x] Play Alarm Sound [x] Send Mail Alert [x] Capture User Camera video to email (Webcam needs to be connected to the PC)
Email Settings	In order to send the user notifications to his email fill email account.

Click Save
